## 2011 Clematis

subject to availability

**Cardinal Wyszynski** 6-10', crimson flowers, dark anthers, July-September.

**Comtesse De Bouchard** 6-10', velvety rose pink flowers, yellow anthers, a profuse bloomer.

**Davidiana** shrub clematis with lavender blue bells.

**Elsa Spath** rich lavender flowers, overlapping petals, red anthers.

**Gillian Blades** large pure white flowers, ruffled edges and yellow anthers, May, June, and September.

**Hagley Hybrid** medium size rich pink flowers, ruffled edges and reddish anthers, June and September, vigorous grower and very showy.

**Henry** very large pure white flowers, brown anthers, June and September, beautiful.

**Huldine** 4-5" white flowers, yellow anthers, vigorous grower, a repeat bloomer.

**Jackmanii** 6-12', the most profuse blooming dark purple Clematis, June, July and September.

**Jackmanii Superba** 5" rich velvet purple flowers, more rounded and slightly larger than 'Jackmanii', June, July and September.

**Ken Donson** big blue flowers, yellow anthers, June and August-September.

**Kilian Donahue** ruby red centers fade to a brilliant fuchsia, orchid edges, burgundy tipped white anthers, early bloomer, is a great repeat bloomer throughout summer.

**Nelly Moser** pale pink with a red bar down the middle of each petal, June and September, will take part sun.

**Niobe** 6-8', ruby red flowers, June-September.

**Paniculata** clusters of small very fragrant white flowers, August-September, very vigorous.

**Ramona** 10-16', lavender-blue flowers, dark anthers, July-August and September.

**Roguchi** 2" bell shaped flowers, blue-purple fading to indigo blue, June-September.

**Snow Queen** 6-10', large white flowers, May-June and August.

**The President** 7-8" deep purple flowers, purple anthers, June-September, continuous bloomer.

**Victor Hugo** 3" free flowering violet flowers, dark violet tipped anthers, non-clinging and very vigorous, June-September, great to grow with climbing roses.

**Ville De Lyon** 8-12', large carmine-red petals with lighter centers, June-September, rich and velvety.

**Viticella Venosa Violacea** 4-5" white flowers with purple veins, purple edges, July and August, sun to part sun.

**Wada's Promise** 6" wide creamy yellow to white flowers, yellow anthers, May-July.

**Warsaw Nike** reddish purple flowers, May-September, overlapping petals, rich and velvety.

**Will Goodwin** true blue flowers with large overlapping petals, gold anthers, June-September.
