

Rolling Green Nursery

2011 Hosta

subject to availability

Hosta offer bold texture and great contrast to ferns, bleeding hearts and other fine textured shade plants. Use in a mass or as a specimen. These rugged plants will take dry shade and are long lived. Many of the big varieties take a few years to get to size, but so worth it. Site away from deer, dried blood is a deterrent. Check our reference guide for sun tolerant varieties.

'Abiqua Drinking Gourd' 18" h x 22" w, dark blue-green seersucker leaves, unique cupped form, white flowers, June, good slug resistance.

'American Sweet Heart' 18" h x 36" w, narrow creamy white center with wide green margins, leaves are thick, purple flowers in July.

'August Moon' 20" h x 24" w, gold to chartreuse corrugated leaves, pale lavender flower, mid summer, tolerates some sun which intensifies the good color.

'Aureo-marginata' 30" h x 30" w, huge green leaves edged with gold, sun tolerant, lavender flowers in July.

'Blue Angel' 24-36" h x 48-60" w, huge blue leaves, heavily textured, pale lavender flowers late summer.

'Blue Mouse Ears' 8" h x 12" w, dwarf blue-gray heart shaped leaves, forms a neat mound, dark lavender flower in August.

'Captain Kirk' 20" h x 36" w, an improved gold standard, wider dark green margins, gold centers and heavy substance, pale lavender flower in June.

'Crowned Imperial' 20-24" h x 40" w, broad green leaves with narrow, creamy white margins, pale lavender flower mid summer, some sun tolerance.

'Elegans' (sieboldiana Elegans) 24-36" h x 48" w, huge, textured blue-gray leaves, great as a specimen, white flowers, June-July.

'Empress Wu' 36-40" h x 48" w, giant dark green veined leaves that measure up to 18" wide, reddish violet flowers, June-July.

'First Frost' 16" h x 36" w, frosty-blue leaves yellow margins, with irregular jetting, creamy margins turn a nice white as weather warms, lavender flowers mid summer.

'Francee' 18-24" h x 36" w, green heart shaped leaves with narrow white margins, wide low mound, more sun tolerant great for edging, lavender flowers in August.

'Frances Williams' 22" h x 48" w, giant blue-green leaves, yellow margins become wider with maturity, leaves are corrugated and slug resistant, white flowers mid-summer.

'Ginko Craig' 8-10" h x 10" w, green leaves with clean narrow white margins, neat low mounds, dark lavender flowers in August .

'Gold Standard' 20" h x 36" w, large ovate leaves, dark green margins, centers emerge light green in spring turning gold in summer, morning sun will enhance gold color, pale lavender flowers midsummer, classic hosta forms large mounds, great in mass plantings.

'Golden Tiara' 10" h x 24-30" w, medium heart shaped leaves with golden edge, clump forming, compact, dark purple flowers, July-August.

'Krossa Regal' 36-48" h x 40" w, long silvery blue leaves, vase shape, dark lavender pink flowers in August, nice for the back border.

'Lakeside Shore Master' 20" h x 36" w, blue green leaves in spring, develop rich yellow centers, mound forming, some seer sucking at maturity, pale lavender flowers midsummer.
